## Ground Mounting System

Alumex SOLAR Ground Mounting System is made of 100% Aluminum for mounting on concrete strip foundations or ground screws. It is light weight, strong, durable and smart.

In our Alumex SOLAR Ground Mounting System , the Rafter is pre-assembled, the size of the leg and the Purlin is planed and machined in our factory to eliminate welding and cutting for installation site to save your installation time and cost.

**Directly from the manufacturer: systems for every type of Solar modules**
